

A blue-tinted winter landscape featuring a snow-covered forest in the background and a frozen lake in the foreground. The sky is filled with soft, white clouds. The entire scene is bathed in a monochromatic blue light, creating a serene and cold atmosphere.

RECYCLED VEEN PRODUCTS

Half empty; full price.

The world is full of wonders. We at VEEN believe that it is the simplest acts that make the biggest wonders. Practical wonders made by the next door neighbour.

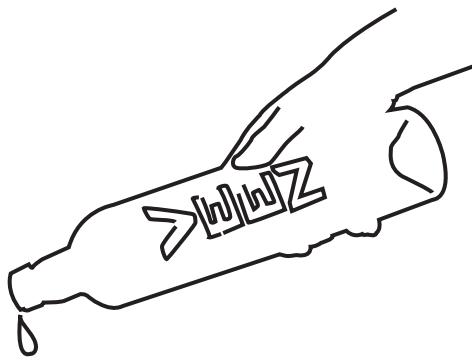

Our quest from greener thoughts to acts got us thinking. We have the best product in the world. As in everything we believe best can be made better. First, more was more, then we thought less is more.

Re:VEEN is just that. It is recycled VEEN bottles given another go in this world. So let us praise the simple acts in life and admit to you that it is our pleasure to sell you the same product twice.

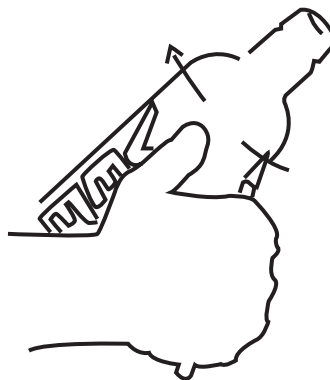

Well, re:VEEN is a collection of unique hand made HORECA and homeware products. Hope you have as much fun as you did on the first time.
